A very 'Merry Xmas' and a 'Guid New Year' !!

Thanks for all the presents folks !!

I would just like to take this opportunity of thanking everyone for the enormous amount of presents I have been given this Xmas from students and parents alike. I can only speak for myself but **over 25 presents** is far in excess of what I normally get.....again....much obliged !!! It is encouraging to know that you have all noticed my extreme weight loss over the last six months (Ha! Ha!)as you all seem very keen in getting my weight up again....due to the amount of chocs and toffees I received. I can always live in hope. Thanks again – you are all too kind.

Short and sweet tonite folks.... !!

I am on 'wind down' before what I see as a long, strenuous, second half of the season which will involve trips to England and Ireland with the Academy, an exhausting trip to Rio de Janiero on a coaching study visit and a trip to Germany to the European Irish Dancing Championships with my three 'dancing daughters'. All in all, a fair amount of travelling. So tonight's 'Newsletter' is short, sweet and only covers this weekends arrangements. It is encouraging to know that several parents have invested in new computers for Xmas, lots of new email addresses and getting themselves ready in anticipation for our forthcoming website. My thanks again for that. It makes life so much easier at this end. Can you please advise me of all these 'new email addresses' as soon as possible please. Anyone struggling with setting up the email or internet, speak to the Academy 'computer whizz kid' ...Robert Sands who will sort you out.....

Coach Numbers for your Information.....Numbers are as follows :

Re-shuffling of the training arrangements – again – hopefully for the last time

Dinna Shout !!

John Renwick and I have had a chat and decided that the current structure is not working for a variety of reasons which we are not going into. We apologise for ‘mucking you all about’ but promise that the below arrangements will remain static until Easter when the lets expire....then we will decide what is happening after that.
